About the Boston Pops Fireworks Spectacular

Nearly ninety years ago, before Arthur Fiedler became Conductor of the Boston Pops, he was struck with an idea that was to transform the orchestra’s relationship to the City of Boston. On July 4, 1929, the first free Esplanade Concert was performed at the specially constructed acoustic shell along the banks of the Charles River. In 1974, businessman David Mugar collaborated with Fiedler to revitalize the July Fourth tradition, adding fireworks and cannons to the grand finale. In 2017 the Pops opened a new page in its history, as the Pops organization presented its first self-produced Boston Pops Fireworks Spectacular. This year the Boston Pops Fireworks
Spectacular will mark its 46th year as one of the nation’s proudest holiday traditions.
